## Our Mission

to help all people develop an intimate relationship with God.

We believe that programs alone cannot change people's hearts. However, an encounter with the living God always changes people. New Birth introduces people to the intimate and life-changing presence of God. This results in God filling their lives with His life and not just with religious activities. We worship God in a way that draws people into His presence. Our preaching and teaching are also designed to reveal God and open the way into His presence. Our children's and youth ministries aren't times for baby-sitting. They're fun and youth-centric but also purposeful and God-focused. Our purpose is to introduce our children to the life of Jesus Christ, because we want families to experience the presence of God together.
